HOW YOUR PASSPORT WORKS

Real travelers collect stamps from the countries they visit. **Readers can travel farther.** Every book set in another place is a journey, and this passport is where you keep the record.

1. **Read a book** set in another country or culture. A picture book, a chapter book, a folktale, anything.
2. **Fill in a passport entry:** the book's title, the place it took you, and the best thing you found there.
3. **Stamp it!** Draw your own stamp in the circle, use a sticker, or invent a symbol for that country.
4. **Check off the region** on the world map page at the back.

Grown-ups: need ideas for the next destination? Browse over 500 children's books by region and age at whereintheworldbooks.com, from board books about Kenya to novels set in Japan.

Stamp ideas: a flag, an animal from the story, a food the characters ate, a mountain, a boat, a word in a new language... anything that helps you remember the trip.
